Wide angle LCD display and backlight

Dust cover

Benefits

- Uses less counter space
- Flexibility of operation
- Enables counting of components and small parts
- Allows for formulation preparation
- Protects against drafts, ensuring stability of reading
- Portability - battery lasts a minimum of 100 hours (without back light)
- Assures that you always start weighing at zero
- Conserves battery power
- Alerts you to charge the battery, saving downtime
- Ensures accuracy
- Balance remains level for accurate results on uneven working surfaces - Anti-slip
- Can be seen from a wide viewing range and in poor lighting conditions
- Keeps scale clear from contamination
